A TALE OF CRAFTSMANSHIP

*timeless
architecture*

Every great story begins with a pinch of inspiration. The Arthur emerged from a concept of bringing the community's rich history and allure to the architecture and style of the project. This yields remarkable brilliance in the stylistic exteriors which showcase a traditional take on townhome design, finished off with state of the art craftsmanship.

The Arthur is perfectly positioned for families – set within an established community with architecturally controlled exteriors. This boutique collection of townhomes is immediately warm and inviting, complete with a community park exclusive for residents.
